### Welcome to Digi News

UHS Digital have launched [a website](#) to show what is going on behind the scenes throughout the Trust when it comes to digital healthcare.

We are one of 16 centres of excellence, known as Global Digital Exemplars, selected by the Department of Health and Social Care to develop and share digital innovations.

We have overseen the development of a wide range of pioneering projects at UHS,

## CCIO's

UHSFT has appointed two joint Chief Clinical Information Officers Ashwin Pinto, Consultant Neurologist, Mike Celinski Critical Care Consultant alongside Michael Kiuber, Consultant in ED appointed as their deputy.

*"We are passionate about improving our clinical systems to make them work better – for our patients and for us. Our systems should enhance our clinical abilities. Help us coordinate patient care and make more efficient use of our time. The challenge is to how do we make the workflow better. Workflow that supports both patient care and enhances the user experience."*

We value all ideas, thoughts and feedback.

**Introducing UHS Digital**  
A global digital role model for Healthcare

**Summary of UHS**  
University Hospital Southampton is recognised as an IT leader within the NHS. The Informatics team at UHS Digital has overseen the development of a wide range of pioneering projects, to improve the delivery and efficiency of healthcare services, and to improve patient outcomes.

**In the spotlight**  
**DigiRounds**  
Ward rounds are an essential part of hospital care. DigiRounds allows clinical teams to see the patient information they need during the ward round, in a format that is suitable to use using a hand held mobile device.

**Meet the team**

**Our teams**

- Clinical Informatics Team
- IT Support Team
- Integration Team
- UIC Informatics
- IT Infrastructure Team
- Physical Ward Round
- Project - IT Support
- Clinical IT Support

- Integration Team

**“In order to be digitised to be a great resource, it provides a safe and more efficient way for patient care than paper.”**  
- Dr. C. V. Vaidyanathan

**“Learn from the 24/7 digital team about teamwork? Generally the best. Quite often they react with ‘This would be a good idea to have’... quite often about something? something that they could have used themselves? This could be a parallel area.”**  
- Dr. R. P. P. P.

### Meet the UHS Digital team

The UHS Digital team behind the scenes at the Trust are busy developing, supporting, writing, testing, fixing, building and more.
